

COMMUNITY DEVELOPMENT & EXTERNAL RELATIONS MANAGEMENT SYSTEM

Atlantic Catering & Logistics Limited Community Empowerment Program (CEP) seeks to engage, train and develop members of the communities of our Project Sites to assist community members improve upon their livelihood.

The CEP program focuses on establishing strong beneficial community relationship and demonstrating formidable partnership with the client in carrying out capacity building interventions particularly relevant to empowering the people, promoting wealth, improving the local economy and quality of life in the remote project sites within the communities.

The CEP program is categorized as follows;

Contracts/Enterprise development:

The contracts/ enterprise development component, involves the development of business relationship with qualified local manufacturers, service providers and other trading enterprises within the communities who are eligible and committed to doing business with ACLL.

Community Employment:

Employment is a major problem for most remote communities because of the high migrant population. The CEP therefore seeks to offer employment opportunities to community members.

Training and Development:

Apart from providing permanent jobs to community members to work in different fields of operations and also awarding contracts for supplier partnerships to promote socio-economic activities and growth, ACLL provides attachment opportunities for professional students or graduates from the local communities to improve on their skill sets and professionalism to be prepared for the labor market etc.

The Company also trains local suppliers and contractors to equip them with requisite skills to meet the high quality demands of ACLL.

Agribusiness:

Remote site project locations are mostly surrounded by adequate natural resources if tapped will boost agribusiness and create value for the mutual benefit of our operations and the community at large. As a result, we assist farmers with ready markets for some category of raw materials.

Partnership:

The company promotes and sustains community partnerships by integrating the community members into our Approved Supplier List as primary suppliers to encourage long term business opportunities to maintain mutual relationships.

The success of this system requires commitment from all employees, clients, providers and other interested parties. Responsibility for implementation of this system lies with the Managing Director who ensures through Top Management that the objectives of the system are achieved.

This policy is communicated, implemented and maintained at all levels throughout the company. It is periodically reviewed and revised to ensure its continuing suitability, relevance and adequacy, and is available to external interested parties including the public upon request.
